

DOLL-SIZED HOLSTER PATTERN

TO MAKE:

Cut one base and one pocket out of brown felt (or any color!)

Optionally, embroider or paint a star or other motif on the pocket piece.

Place pocket on top of base and whipstitch around the sides with 3 strands of embroidery floss. Whipstitch across the top of the pocket only.

Loop tab through doll's belt and adjust to desired position. Using floss, tack the tab to the base and trim excess.
